

PUBLICATION REFERENCE: EU4CS/TEN/NO4 under implementation of EU service contract No 2019/414-219

When submitting their tenders, tenderers must follow all instructions, forms, terms of reference, contract provisions and specifications contained in this tender dossier. Failure to submit a tender containing all the required information and documentation within the deadline specified may lead to the rejection of the tender. These instructions set out the rules for submitting and selecting tenders. They apply to this call for tenders, in conformity with the practical guide, (available on the internet at this address: <http://ec.europa.eu/europeaid/prag/document.do>) and www.eu4cs.ba .

1. Services to be provided

The services required by the contracting authority are described in the terms of reference. They are set out in Annex II to the draft contract, which forms Part B of this tender dossier.

3. Participation, experts and subcontracting

- Participation in this tender procedure is open for all tenderers. For the eligibility, please see point 4 of the Additional information about the Contract Notice.
- Legal persons are not entitled to participate in this tender procedure or be awarded a contract if they are in any of the situations mentioned in Sections 2.4. (EU restrictive measures), 2.6.10.1.1 (exclusion criteria) or 2.6.10.1.2. (rejection from a procedure) of the **practical guide**. Should they be in one of these situations, their tender will be considered either unsuitable or irregular.
- In the cases listed in Section 2.6.10.1.1. of the **practical guide** tenderers may be excluded from EU financed procedures and be subject to financial penalties up to 10 %

of the total value of the contract in accordance with the Financial Regulation in force. This information may be published on the Commission website in accordance with the Financial Regulation in force.

d) Subcontracting is not allowed.

4. Content of tenders

Offers, all correspondence and documents related to the tender exchanged by the tenderer and the contracting authority must be written in English.

Supporting documents and printed literature furnished by the tenderer may be in another official language of the EU (with provided accompanied translation into the language of the procedure). For the purposes of interpreting the tender, the language of the procedure has precedence.

The tender must include a technical offer and a financial offer, which must be submitted in line with clause 8 of this document. Failure to fulfil the requirements in clauses 4.1, 4.2 and 8 will constitute an irregularity and may result in rejection of the tender.

4.1. Technical offer

The Technical offer must include the following documents:

- (1) **Tender submission form** (see part of this tender dossier) including:
 - a) A signed **declaration** using the format attached to the tender submission form.
 - b) A completed **financial identification form** (see Annex VI to the draft contract) to indicate the bank account into which payments should be made if the tender is successful. (If the tenderer has already signed another contract with the European Commission, it may provide instead either its financial identification form number or a copy of the financial identification form provided on that occasion, unless it has changed in the meantime).
 - c) The **legal entity file** and supporting documents (if the tenderer has already signed another contract with the European Commission, it may provide instead either its legal entity number or a copy of the legal entity file provided on that occasion, unless it has changed its legal status in the meantime).
 - d) Duly authorised signature: an official document (statutes, power of attorney, notary statement, etc.) proving that the person who signs on behalf of the company/joint venture/consortium is duly authorised to do so.
- (2) **Organisation and methodology** (will become Annex III to the contract), to be drawn up by the tenderer using the format in Annex III to the draft contract.
 - a) a list of the names of the key experts;
 - b) the CVs of each of the key experts. Each CV should be no longer than 3 pages and only one CV must be provided for each position identified in the terms of reference. In case of CVs longer than 3 pages, only the first 3 pages will be taken into account. Only the work experience mentioned in the CV will be considered by the evaluation committee. Non-key experts CVs are not necessary.

The qualifications and experience of each key expert must clearly match the profiles indicated in the terms of reference. If an expert does not meet the minimum requirements for each evaluation criterion (i.e. qualification and skills, general professional experience and specific professional experience), he/she must be rejected. In such case the entire tender shall be rejected.

- (5) Documentary proof or statements required under the law of the country in which the company (or each of the companies for consortia), the subcontractors and the capacity providing entities are effectively established, to show that it is not in any of the exclusion situations listed in Section 2.6.10.1 of the practical guide. This evidence, documents or statements must be dated, no more than one year before the date of submission of the tender. In addition, a statement must be furnished stating that the situations described in these documents have not changed since then.

If the nature of your entity is such that it cannot fall into the exclusion situations and/or cannot provide the documents indicated above (for instance, national public administrations and international organisations), please provide a declaration explaining this situation.

The contracting authority may waive the obligation of any candidate or tenderer to submit the documentary evidence referred to above if such evidence has already been submitted for the purposes of another procurement procedure, provided that the issue date of the documents does not exceed one year and that they are still valid. In this case, the candidate or tenderer must declare on his/her honour that the documentary evidence has already been provided in a previous procurement procedure and confirm that his/her situation has not changed.

- (6) Documentary evidence of the financial and economic capacity as well as the technical and professional capacity according to the selection criteria specified in the contract notice/additional information about the contract notice (see further Section 2.6.11 of the practical guide).

Where the documentary evidence submitted is in an official language of the European Union other than the one of the procedure, it is strongly recommended to provide a translation into the language of the procedure, in order to facilitate the evaluation of the documents. Documentary proof or statements may be in original or copy. If copies are submitted, the originals must be available to send to the contracting authority upon request.

Tenderers are reminded that the provision of false information in this tender procedure may lead to the rejection of their tender and to their exclusion from EU-funded procedures and contracts.

4.2. Financial offer

The financial offer must be presented as an amount in BAM and must be submitted using the template for the global-price version of Annex V of this tender dossier. The electronic version of this document 'B8 — Budget for a global-price contract' can be found on the website: www.eu4cs.ba. Tenderers are reminded that the maximum budget available for this contract, as stated in the contract notice, is 49,000.00 BAM. Payments under this contract will be made in the currency of the tender.

The applicable tax and customs arrangements are as follows.

Exemption of taxes

The European Commission and Bosnia and Herzegovina have agreed in the Framework Agreement between Bosnia and Herzegovina and the European Commission on the Arrangements for Implementation of Union Financial Assistance to Bosnia and Herzegovina under the Instrument for Pre-accession Assistance (IPA II) on exoneration of to customs or import duties, Value Added Tax. For more specific information please see the appropriate document.

5. Variant solutions

Tenderers are not authorised to tender for a variant in addition to this tender.

6. Period during which tenders are binding

Tenderers are bound by their tenders for 90 days after the deadline for submitting tenders or until they have been notified of non-award. In exceptional cases, before the period of validity expires, the contracting authority may ask tenderers to extend the period for a specific number of days, which may not exceed 40.

The selected tenderer must maintain its tender for a further 60 days. This 60-day period is added to the validity period irrespective of the date of notification. This period can be further extended when the contracting authority is required to obtain the recommendation of the panel referred to in Section 2.6.10.1.1 of the practical guide, up to the adoption of that recommendation.

7. Additional information before the deadline for submitting tenders

The tender dossier should be clear enough to avoid candidates having to request additional information during the procedure. If the contracting authority, either on its own initiative or in response to a request from a candidate, provides additional information on the tender dossier, it will be published on www.eu4cs.ba.

Tenderers may submit questions in writing to the email address info@eu4cs.ba up to December 17, 2021, specifying the tender reference (EU4CS/TEN/NO4) and the contract title.

The contracting authority has no obligation to provide clarification after this date.

Any tenderer seeking to arrange individual meetings with the contracting authority and/or the government of the partner country and/or the European Commission concerning this contract during the tender period may be excluded from the tender procedure.

8. Submission of tenders

Tenders must be sent to the contracting authority before December 30, 2021 at 12:00. They must include the requested documents in clause 4 above and be sent:

- by email to: teamleader@eu4cs.ba

Tenders submitted by any other means will not be considered.

The contracting authority will reject any application or tender received, for any reason, after the stated date and time. Tenders must be submitted in electronic version, via email:

- a) E-mail subject line should contain the following words: Offer for the Tender ref: EU4CS/TEN/NO4,
- b) E-mail body text should contain the following:
 - the name of the tenderer, and
 - the words 'Not to be opened before the tender-opening session' and "Ne otvarati prije sastanka za otvaranje ponuda",
- c) Attached WinRAR (or similar compressing tool) file must be named: Tender ref: EU4CS/TEN/NO4 + the name of the tenderer.

This Win RAR attached file must contain the 'File A — Technical offer' and the 'File B — Financial offer'.

All parts of the tender other than the financial offer must be submitted within the File A (i.e. including the tender submission form and declarations).

The pages of the technical and financial offers must be numbered.

9. Amending or withdrawing tenders

Tenderers may amend or withdraw their tenders by written notification in the same email address: teamleader@eu4cs.ba prior to the deadline for submitting tenders. Tenders may not be amended after this deadline.

Any such notification of amendment or withdrawal must be prepared and submitted in accordance with clause 8. The attached WinRAR (or similar compressing tool) file must be named Tender ref: **EU4CS/TEN/NO4 + the name of the tenderer + ‘Amendment’ or ‘Withdrawal’** as appropriate.

10. Costs for preparing tenders

No costs incurred by the tenderer in preparing and submitting the tender are reimbursable. All such costs must be borne by the tenderer, including the cost of interviewing proposed experts.

11. Ownership of tenders

The contracting authority retains ownership of all tenders received under this tendering procedure. Consequently, tenderers do not have the right to have their tenders returned to them.

12. Evaluation of tenders

12.1. Evaluation of technical offers

The quality of each technical offer will be evaluated in accordance with the award criteria and the weighting detailed in the evaluation grid - part of this tender dossier. No other award criteria will be used. The award criteria will be examined in accordance with the requirements indicated in the terms of reference.

The evaluation of the technical offers will follow the procedures set out in Section 3.4.10.3 of the practical guide (available on the internet at: <http://ec.europa.eu/europeaid/prag/document.do>).

12.1.1. Interviews

No interviews are foreseen.

12.2. Evaluation of financial offers

Upon completion of the technical evaluation, the envelopes containing the financial offers for tenders that were not eliminated during the technical evaluation will be opened (i.e. those with an average score of 75 points or more). Tenders exceeding the maximum budget available for the contract are unacceptable and will be eliminated.

12.3. Choice of selected tenderer

The best price-quality ratio is established by weighing technical quality against price on an 80/20 basis.

12.4. Confidentiality

The entire evaluation procedure is confidential, subject to the contracting authority's legislation on access to documents. The evaluation committee's decisions are collective and its deliberations are held in closed session. The members of the evaluation committee are bound to secrecy. The evaluation reports and written records are for official use only and may be communicated neither to the tenderers nor to any party other than the contracting authority, the European Commission, the European Anti-Fraud Office and the European Court of Auditors.

13. Ethics clauses and code of conduct

a) Absence of conflict of interest

The tenderer must not be affected by any conflict of interest and must have no equivalent relation in that respect with other tenderers or parties involved in the project. Any attempt by a tenderer to obtain confidential information, enter into unlawful agreements with competitors or influence the evaluation committee or the contracting authority during the process of examining, clarifying, evaluating and comparing tenders will lead to the rejection of its tender and may result in administrative penalties according to the Financial Regulation in force.

b) Respect for human rights as well as environmental legislation and core labour standards

The tenderer and its staff must comply with human rights and applicable data protection rules. In particular and in accordance with the applicable basic act, tenderers and applicants who have been awarded contracts must comply with the environmental legislation including multilateral environmental agreements, and with the core labour standards as applicable and as defined in the relevant International Labour Organisation conventions (such as the conventions on freedom of association and collective bargaining; elimination of forced and compulsory labour; abolition of child labour).

Zero tolerance for sexual exploitation, abuse and harassment:

The European Commission applies a policy of 'zero tolerance' in relation to all wrongful conduct which has an impact on the professional credibility of the tenderer.

Physical abuse or punishment, or threats of physical abuse, sexual abuse or exploitation, harassment and verbal abuse, as well as other forms of intimidation shall be prohibited.

c) Anti-corruption and anti-bribery

The tenderer shall comply with all applicable laws and regulations and codes relating to anti-bribery and anti-corruption. The European Commission reserves the right to suspend or cancel project financing if corrupt practices of any kind are discovered at any stage of the award process or during the execution of a contract and if the contracting authority fails to take all appropriate measures to remedy the situation. For the purposes of this provision, 'corrupt practices' are the offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a contract or execution of a contract already concluded with the contracting authority.

d) Unusual commercial expenses

Tenders will be rejected or contracts terminated if it emerges that the award or execution of a contract has given rise to unusual commercial expenses. Such unusual commercial expenses are commissions not mentioned in the main contract or not stemming from a properly concluded contract referring to the main contract, commissions not paid in return for any actual and legitimate service, commissions remitted to a tax haven, commissions paid to a payee who is not clearly identified or commissions paid to a company which has every appearance of being a front company.

Contractors found to have paid unusual commercial expenses on projects funded by the European Union are liable, depending on the seriousness of the facts observed, to have their contracts terminated or to be permanently excluded from receiving EU funds

e) Breach of obligations, irregularities or fraud

The contracting authority reserves the right to suspend or cancel the procedure, where the award procedure proves to have been subject to breach of obligations, irregularities

or fraud. If breach of obligations, irregularities or fraud are discovered after the award of the contract, the contracting authority may refrain from concluding the contract.

14. Signature of contract(s)

14.1. Notification of award

The successful tenderer will be informed in writing that its tender has been accepted.

14.2. Signature of the contract(s)

Within 30 days of receipt of the contract already signed by the contracting authority, the selected tenderer shall sign and date the contract and return it to the contracting authority.

Failure of the selected tenderer to comply with this requirement may constitute grounds for annulling the decision to award the contract. In this event, the contracting authority may award the tender to another tenderer or cancel the tender procedure.

The other tenderers will, at the same time as the notification of award is submitted, be informed that their tenders were not retained, by electronic means or standard letter, including an indication of the relative weaknesses of their tender by way of a comparative table of the scores for the winning tender and the unsuccessful tender. The second best tenderer is informed of the notification of award to the successful tenderer with the reservation of the possibility to receive a notification of award in case of inability to sign the contract with the first ranked tenderer. The validity of the offer of the second best tenderer will be kept. The second tenderer may refuse the award of the contract if, when receiving a notification of award, the 90 days of validity of their tender has expired.

The contracting authority will furthermore, at the same time, also inform the remaining unsuccessful tenderers of the outcome of the procurement procedure and, as a consequence of these letters, the validity of their offers shall not be retained.

15. Cancellation of the tender procedure

In the event of cancellation of the tender procedure, the contracting authority will notify tenderers of the cancellation. If the tender procedure is cancelled before the outer envelope of any tender has been opened, the unopened and sealed envelopes will be returned to the tenderers.

Cancellation may occur, for example, where:

- the tender procedure has been unsuccessful, i.e. no suitable, qualitatively or financially acceptable tender has been received or there is no valid response at all;
- there are fundamental changes to the economic or technical data of the project;
- exceptional circumstances or force majeure render normal performance of the contract impossible;
- all technically acceptable tenders exceed the financial resources available;
- there have been breach of obligations, irregularities or frauds in the procedure, in particular if they have prevented fair competition;
- the award is not in compliance with sound financial management, i.e. does not respect the principles of economy, efficiency and effectiveness (e.g. the price proposed by the tenderer to whom the contract is to be awarded is objectively disproportionate with regard to the price of the market).

In no event shall the contracting authority be liable for any damages whatsoever including, without limitation, damages for loss of profits, in any way connected with the cancellation of a tender procedure, even if the contracting authority has been advised of the possibility of

damages. The publication of a contract notice does not commit the contracting authority to implement the programme or project announced.

16. Appeals

Tenderers believing that they have been harmed by an error or irregularity during the award process may file a complaint. See Section 2.12. of the practical guide.

17. Data Protection

Processing of personal data related to this tender procedure by the contracting authority takes place in accordance with the national legislation of the state of the contracting authority and with the provisions of the respective financing agreement.

The tender procedure and the contract relate to an external action funded by the EU, represented by the European Commission. If processing your reply to the invitation to tender involves transfer of personal data (such as names, contact details and CVs) to the European Commission, they will be processed solely for the purposes of the monitoring of the procurement procedure and of the implementation of the contract by the Commission, for the latter to comply with its obligations under the applicable legislative framework and under the financing agreement concluded between the EU and the Partner Country without prejudice to possible transmission to the bodies in charge of monitoring or inspection tasks in application of EU law. For the part of the data transferred by the contracting authority to the European Commission, the controller for the processing of personal data carried out within the Commission is Delegation of the EU to Bosnia and Herzegovina, Mr. Daniel PLAS , Head of Finance, Contracts and Audit Section

Details concerning processing of your personal data by the Commission are available on the privacy statement at:
<http://ec.europa.eu/europeaid/prag/annexes.do?chapterTitleCode=A>

In cases where you are processing personal data in the context of participation to a tender (e.g. CVs of both key and technical experts) and/or implementation of a contract (e.g. replacement of experts) you shall accordingly inform the data subjects of the possible transmission of their data to EU institutions and bodies and communicate the above mentioned privacy statement to them.

18. Early detection and exclusion system

The tenderers and, if they are legal entities, persons who have powers of representation, decision-making or control over them, are informed that, should they be in one of the situations of early detection or exclusion, their personal details (name, given name if natural person, address, legal form and name and given name of the persons with powers of representation, decision-making or control, if legal person) may be registered in the early detection and exclusion system, and communicated to the persons and entities concerned in relation to the award or the execution of a procurement contract.

For more information, you may consult the privacy statement available on http://ec.europa.eu/budget/explained/management/protecting/protect_en.cfm
